The ORIGINAL aggregate pool finish that delivers enduring elegance and durability. It is a perfect choice for those desiring a more natural environment for their pool and spa. This earthy textured finish is comprised of the largest pebbles in our product offering. It offers a durable, non-slip and stain-resistant surface in a wide variety of colors.

Our most popular pool finish offering the same natural beauty and inherent qualities as the original PebbleTec® pool finish with a more refined texture. This finish utilizes slightly smaller pebbles than those found in the original PebbleTec. It also offers a durable, non-slip and stain-resistant surface.

Made from finely ground natural pebbles, PebbleFina® offers the softest texture of aggregate finishes available. This exclusive product line is enriched with additives that provide superior strength and long-lasting durability over a traditional pool finish. Our unique technology provides increased density and resistance to etching.

An elegant glass bead aggregate pool finish that offers a three-dimensional reflective effect. This contemporary finish is the only patented brand of glass pool interiors. Its' exquisite brilliance creates a crystal-like effect in the water with superior water clarity. This finish offers a luxurious texture with exceptional stain resistance.
