Celebrating Excellence

The World's Greatest Pools book showcases beautiful outdoor living environments featuring custom pools using Pebble Technology Superior Quality Pool Finishes™. Each unique project presented is truly a representation of quality craftsmanship, design excellence and endless inspiration. To see more winning projects, visit worldsgreatestpools.com.

We congratulate these professionals on their outstanding contribution to greatness in pool building and design. We give special recognition to those who bring these unique concepts to life by acknowledging the pool builder, sales person and applicator who collaborated on these exquisite projects.

POOL FINISHES

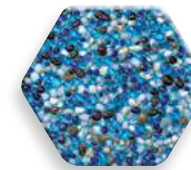

The ORIGINAL aggregate pool finish that delivers enduring elegance and durability. It is a perfect choice for those desiring a more natural environment for their pool and spa. This earthy textured finish is comprised of the largest pebbles in our product offering. It offers a durable, non-slip and stain-resistant surface in a wide variety of colors.

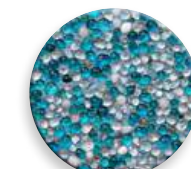

Our most popular pool finish offering the same natural beauty and inherent qualities as the original PebbleTec® pool finish with a more refined texture. This finish utilizes slightly smaller pebbles than those found in the original PebbleTec. It also offers a durable, non-slip and stain-resistant surface.

Made from finely ground natural pebbles, PebbleFina® offers the softest texture of aggregate finishes available. This exclusive product line is enriched with additives that provide superior strength and long-lasting durability over a traditional pool finish. Certain colors incorporate Star Dust , a reflective pool finish additive for added sparkle.

A blend of vibrant glass beads and natural stone aggregate. The stunning beauty of the glass beads creates an infusion of color delivering a captivating finish and a uniquely brilliant water color. This distinctive blend offers long-lasting durability with a lavish texture. All colors incorporate Shimmering Sea  for added elegance.

An elegant glass bead aggregate pool finish offered a three-dimensional reflective effect. This finish was the only patented brand of glass pool interiors. Its' brilliance created a crystal-like effect in the water with excellent water clarity. This finish offered a luxurious texture with exceptional stain resistance. Product line was discontinued in January 2018.

POOL FINISH ENHANCEMENTS

Pebble Technology offers unique pool finish enhancements that enrich the interior surface and provide a customized poolscape. Many of the projects featured in this book incorporate one of our enhancements. They are indicated by the logo icon next to the pool finish color name.
