

Celebrating Excellence

To all of our trusted partners, professionals and friends,

For nearly a decade, The World's Greatest Pools award program has spotlighted the year's most innovative, beautiful outdoor living spaces featuring custom pools showcasing Pebble Technology Superior Quality Pool Finishes. These stunning projects show the world the wide range of outstanding work builders create and highlight the many ways to incorporate our products to enhance your backyard paradise.

From modern masterpieces to timeless retreats, each project showcased is a representation of outstanding craftsmanship, brilliant design and endless inspiration. Seamlessly blending art, architecture and engineering, these celebrated professionals have raised the bar for pool building and design, delivering one-of-a-kind backyard destinations.

It is our pleasure to recognize and celebrate each project's pool builder, sales professional and applicator who came together to create these legendary outdoor escapes. We also want to extend a special thanks to all of those who submitted projects. Each year, we receive hundreds of stunning designs from across the nation and we appreciate your continued support and use of our products.

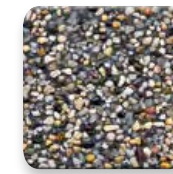

We are excited to share this collection of impressive designs and hope you enjoy paging through them as much as we enjoyed creating this year's compilation of The World's Greatest Pools.

We look forward to working with you for many years to come.

Darrell Eckstein, President
Pebble Technology International
